

TechWomen100 Awards | Company Additional Information Questions

Basic information

- Your title
- Your first name
- Your surname
- Your job title
- Your email address
- Your company name
- Your company industry
- Your email address
- Your alternative email address
- Your preferred contact number
- Your company Twitter handle
- Your company website
- Please provide a short company bio
- Please upload your company logo (this will only be used if you are shortlisted)

Supporting information

- In less than 1500 words, please detail any initiatives that are currently in place within your organisation that support/develop your female technologists. Please include the impact that these initiatives have had on your women working in technology (eg. promotions, retention, attraction, successful mentoring partnerships, skills development etc). Where possible, please quantify the impact of any of these initiatives eg. increase % of women in tech, % of promotion. We appreciate that everyone is on a journey, therefore there are no wrong or right answers. We are also interested in hearing about initiatives from an apprentice/graduate level through to middle management initiatives.
- If known, what is your population of women working in technology in your organisation

- If known, what percentage of these women are operating at a senior level
- Finally, in less than 200 words, please tell us why you believe your company deserves to win the TechWomen100 Company of the Year award for 2018
